COLDTEK

DYNAMIC

Harrow International is a specialized manufacturer and importer of niche products for the commercial kitchen and food-service industry and are also the owners of well-established OEM brands like DYNAMIC, ULTIMA and COLDTEK which cater to a small but discerning segment of the commercial catering industry.

The parent company Harrow International has 4 verticals which contribute to different facets of the hotel industry:

- Waste Management & Processing – Garbage Chutes, Waste Sorters, Waste Converters
- Selected Commercial Kitchen Equipment – Dynamic, Ultima & Coldtek
- POS, MMS and CLP from Shawman Software for hotels & F&B outlets
- Re-Export of the above to India, other neighboring GCC countries, as well as countries in Africa

ULTIMA

Maxline

COLDTEK REFRIGERATION EQUIPMENT:

- The Coldtek range of commercial refrigerated cabinets and counters are manufactured with the latest European environmental standards.
- Coldtek reach-in cabinets and refrigerated counters use new generation cutting edge refrigeration components, high precision thermostats and energy efficient refrigeration systems.
- The back-bar refrigeration units come in single, two door and three door configuration, with hinged or sliding doors with or without locks. LED lighting and low E-glass doors come optional at a minor additional cost.
- **All commercial refrigeration cabinets and counters are now available with cyclopentane insulation, complying with latest European and Estidama standards and requirements. These will be compatible with R600 and R290 from April 2017. All refrigeration equipment complies with Zero ODP and <5% GWP.**

DYNAMIC STORAGE SHELVING:

- Available in robust food-grade slatted polymer shelves with polymer uprights or stainless steel wire shelving or in hard-wearing food-grade epoxy wire shelving.
- All shelving units are 4 tiered and supplied with respective uprights, in a variety of shelf widths, depths and heights to match current standard food-service demands and requirements.
- Plain stainless steel 4-tier shelves are also available in various standard widths and depths.

DYNAMIC FAUCETS, RINSE SPRAY UNITS, DIPPER-WELLS & HOSE-REELS:

- A selected variety of heavy-duty deck mounted commercial swivel mixer faucets as well as deck-mounted rinse spray units (with or without add-on spout), dipper wells with perforated inserts and tap, electronic hands-free faucets and heavy duty high-pressure hose reels with 15 mtr reach are also available under the DYNAMIC brand.
- These faucets conform to UK / EEC and US standards and come with 200mm centers for ease of cleaning and sturdy fastening to sinks.

COLDTEK

DYNAMIC

HI-TECH MAGIC BOX - FOOD-WASTE CONVERTER:

- This is the latest award-winning innovation in waste management and this machine converts all organic food-waste into grey water which can be directly discharged into drains or can be recycled for irrigation, toilet flushing or for chilled water for the a/c system.
- Machines come in various capacities and can handle organic food waste in from 30 kgs per day to 10,000 kgs per day
- Machines can be continuously fed as and when food waste is available and completely eradicates organic food waste at source

ULTIMA Super Blenders

- with Variable speed control
- Multi-function Premium quality
- Transparent, virtually unbreakable

ULTIMA
